DEAR DR. HOSHEL

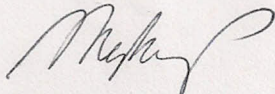

Re

Patient Name: MARTINS SUNGHA
Reg # (CKC, AKC, other): SJ115513 Owner WAGGING HEART KENNELS
OVC Case Number: N/A

I have reviewed the series of radiographs of the above-mentioned dog which were made on July 27th, 2007 and were submitted for preliminary radiographic evaluation regarding hip and elbow dysplasia. I consider both coxofemoral joints and both elbows to be within normal limits for a dog of this breed and age.

Thank you for referring these interesting radiographs. If I can be of any further assistance with this case, please do not hesitate to contact me.

Yours Sincerely,

S. Nykamp, D.V.M.
